

# Gas deemed and default charges

## Gas deemed rates

| Band |                              |                            | Effective from<br>1 July 2026 | Effective from<br>1 October 2026 |
|------|------------------------------|----------------------------|-------------------------------|----------------------------------|
| 1    | 0 to 73,200 kWh              | Standing charge<br>(£/day) | 1.331                         | 1.330                            |
|      |                              | Unit rate<br>(p/kWh)       | 17.145                        | 18.023                           |
| 2    | 73,200 kWh to<br>732,000 kWh | Standing charge<br>(£/day) | 8.285                         | 8.692                            |
|      |                              | Unit rate<br>(p/kWh)       | 15.907                        | 15.816                           |
| 3    | Above<br>732,000 kWh         | Standing charge<br>(£/day) | 39.292                        | 56.145                           |
|      |                              | Unit rate<br>(p/kWh)       | 15.441                        | 15.088                           |

## Gas default rates

| Band |                              |                            | Effective from<br>1 July 2026 | Effective from<br>1 October 2026 |
|------|------------------------------|----------------------------|-------------------------------|----------------------------------|
| 1    | 0 to 73,200 kWh              | Standing charge<br>(£/day) | 1.331                         | 1.330                            |
|      |                              | Unit rate<br>(p/kWh)       | 22.145                        | 23.023                           |
| 2    | 73,200 kWh to<br>732,000 kWh | Standing charge<br>(£/day) | 8.285                         | 8.692                            |
|      |                              | Unit rate<br>(p/kWh)       | 20.907                        | 20.816                           |
| 3    | Above<br>732,000 kWh         | Standing charge<br>(£/day) | 39.292                        | 56.145                           |
|      |                              | Unit rate<br>(p/kWh)       | 20.441                        | 20.088                           |

Rates are applicable to all gas supplies and exclude Climate Change Levy (CCL) and VAT.  
Rates are the same for non-microbusiness and microbusiness.
